EXPERIENCED ELECTRICAL DESIGNER

PK Electrical is a rapidly growing electrical engineering firm that leads the industry in lighting, power, communications, and technology systems design throughout the Western U.S. If you're looking for a collaborative, dynamic environment where you can make an impact, PK Electrical is the place for you.

Do you take pride in delivering high-quality work?

Do you thrive in a team-oriented, supportive environment?

Do you want to advance your skills and career in a company that invests in your success?

If yes, we want to meet you!

About Us:

Founded in 1996, PK Electrical, Inc. is an established electrical engineering, design, and consulting firm with offices in Reno, NV, Denver, CO, and St. Louis, MO. Our talented team specializes in electrical and low-voltage system design, consultation, and construction administration services across airports, healthcare, transportation, education, and sports facilities to name a few.

We believe that happy employees lead to happy clients, which is why we've built a company culture focused on stability, collaboration, and growth. In nearly 30 years, we've never had to lay off an employee due to lack of work.

Key Responsibilities:

- Design electrical power and lighting systems for a variety of building and infrastructure projects.
- Perform electrical calculations using engineering formulas and software.
- Conduct point-by-point lighting calculations and ensure energy code compliance.
- Develop project specifications and research code requirements.
- Manage project schedule and ensure on-time deliverables to clients.
- Active participation in project meetings.
- Provide internal QA/QC reviews.
- Offer input and guidance on company processes and standards to help improve efficiency.
- Maintain strong client relationships by delivering exceptional service.

Who We're Looking For:

- 7+ years of experience in electrical engineering or electrical design.
- Proven experience in designing lighting and controls and power distribution and branch systems.
- A collaborative, team-first attitude and a strong work ethic.
- Ability to articulate strategies in a clear, concise and decisive manner.
- Excellent interpersonal skills with peers, superiors, subordinates, and customers.
- Strong work ethic and reliability.
- In depth knowledge of National Electrical Code (NEC).
- Proficiency in Revit, AutoCAD and AGI-32 (Civil 3D and MicroStation are a plus).

**VISIONS
ACHIEVED.**

Reno, NV | Denver, CO | St. Louis, MO

**COMMUNITIES
EMPOWERED.**

- Skilled in Microsoft Office Suite (Word, Excel, Outlook, Teams).
- Ability to thrive in a fast-paced environment and handle short deadlines and prioritize tasks.
- A positive role model who can mentor junior staff and lead by example.
- PE License or EI/EIT Certification is a plus but not required.
- In compliance with federal law, all persons hired will be required to verify identity and eligibility to work in the United States and to complete the required employment eligibility verification document form upon hire.

Compensation and Benefits:

Over the past 29 years, PK Electrical, Inc. has developed and implemented a company culture that is positive, empowering and supports personal and professional growth. PK Electrical employees experience a vibrant environment and a plethora of workplace perks including, but not limited to:

- Competitive pay & great benefits
 - Competitive salary based on experience
 - Anticipated compensation for this position is between \$90,000 and \$110,000 annually, depending on experience
 - Medical, dental, & vision insurance
 - 401(k) with company match
 - Generous PTO, vacation, and holidays (including a paid week off between Christmas & New Year's!)
 - 9/80 flex schedule – every-other Friday off (offered after six-month employment review)
 - Annual logo attire budget
 - AFLAC Supplemental Insurance opportunities (employee funded)
 - Gym facility on site (Denver)
 - Profit Sharing Bonus Program
- Training & development
 - Generous paid continuing education program
 - Team building events
 - Internal and external learning opportunities
- Team culture & environment
 - Fun company events (team outings such as baseball games and hikes, team building events, lunches, happy hours, etc.)
 - Business Development & Marketing Challenge incentive program
 - Philanthropic and Community involvement as a team

Why Join PK Electrical?

At PK Electrical, you'll work on impactful projects, grow your skills, and be part of a team that values innovation and work-life balance.
